CONTOUR

Contour

[kɔ̃.tuʁ] *nom masculin*, ligne ou surface qui limite extérieurement un corps, qui permet de le définir, de le déterminer, de le préciser ; tour, forme.

CONTOUR

Contour allie le parallélisme et la précision dans des figures intemporelles, indémodables.

Puisé dans la poésie et la finesse des jardins à la française, chaque objet de la collection est un ensemble d'équilibre, de symétrie, et de proportion, faisant écho à une nature maîtrisée.

Jusqu'aux limites de l'horizon, jusqu'aux limites de l'imagination, **Contour** marie l'excellence des savoir-faires exceptionnels et à l'harmonie de l'esprit du designer. **Contour** embrasse la grandeur et le perfectionnisme des artistes jardiniers du XVII^{ème} siècle à travers des jeux de lignes infinis et des symétries agencées.
